HOUSEKEEPING SERVICES

- **A Housekeeper**- is someone who takes care of running your household, and this goes way beyond just cleaning. Maids/ Housekeepers perform typical domestic chores such as: Taking care of all general household duties, such as:
 - Cleaning, vacuuming, dusting etc; Laundry,
 - ironing from shirts to bed sheets; Grocery
 - shopping or organizing shopping deliveries;
 - walking the family dog; taking care of children
 - or babysitting some evenings; organising
 - wardrobes, shelves, cupboards, helping at dinner parties; cooking or preparing food etc;

The difference between a housekeeper and a cleaner is that the housekeeper works usually only for a single employer, taking care of all the different tasks needed for running the household, from general cleaning, to shopping, from polishing the silver to helping out at dinner parties...
