

Fitz2Kleen wins Family Run Business of the Year 2024

First established in 2008, Fitz2Kleen is a multi award winning family run cleaning company based in Coventry that specialises in extreme cleaning for commercial and private properties. Situations such as hoarding, trauma or crime scenes, severe neglect, and extensive property damage from events like fires or floods requires professional intervention. These scenarios not only involve significant health and safety hazards but also require specialised knowledge, equipment, and techniques to manage biohazards, deep-seated grime, or extensive structural damage. With over 15 years of experience Fitz2Kleen offers the expertise, efficiency, and sensitivity needed to restore such environments to safe and habitable conditions, providing peace of mind and a cleaner, safer space for those affected. Over the years they have gone from strength to strength winning multiple prestigious awards for their fantastic services in the community.

Following on from their success here at E2 Media we have recently unveiled the highly anticipated 2024 Awards of Excellence, spotlighting outstanding achievements across various industries. Among the distinguished winners is Fitz2Kleen. Their exceptional dedication to providing unparalleled service has set them apart, earning them the recognition and admiration of both their industry peers and clients alike. This accolade not only highlights Fitz2Kleen commitment to excellence but also highlights the consistent efforts to go above and beyond in ensuring a positive and seamless experience for their clients. We think it's important to recognise organisations that are bringing something new and innovative to their marketplace. They don't have to be the biggest but have to be an organisation that is trying to offer something different to what is already out there and above all they must offer a great product or service. We feel that Fitz2Kleen ticks all the boxes and is a worthy winner of our award.

Fitz2Kleen offers a wide array of extreme cleaning services, designed to address the most demanding and complex cleaning scenarios. They use state of the art equipment and industry leading cleaning products to ensure effective and safe results. Their team is highly trained, fully insured and DBS checked, adhering to industry standards and best practices in extreme cleaning. One of their great strengths as a business is that they are always evolving and constantly striving to improve the service that they provide. Quality and maintaining the high standards that they have become so renowned for is absolutely central to everything that they do at Fitz2Kleen.

Regardless of the size and complexity of the job they never cut corners or compromise on the quality of their work in their steadfast pursuit of delivering the best possible results for their clients. The main goal is ensuring their customers are always satisfied and attention to detail with each property has been one of the key factors to the success of the business. Their services are carried out with the utmost care and attention with the staff trained to handle extreme cleaning situations with empathy working alongside social services and mental health support departments in Coventry and Warwickshire.

The challenge for the team at Fitz2Kleen as their reputation continues to grow and the demand for their service continues to increase will be to maintain the same high standards that have given them so much success. If the past is any barometer of what the future holds then we think that Fitz2Kleen is a name you'll be hearing much more of in the years to come.
