QTP Customer Reference

September 2013

QTP supported EurosafE UK through the process of successfully gaining ISO9001 in 2013.

QTP demonstrated a good understanding of our business needs and assisted us to develop a quality management system which was tailored to EurosafE UK.

Both Keith and Mike were helpful and approachable throughout the accreditation process which resulted in no non-conformities being identified at Stage 2 assessment.

In summary we found QTP to be cost effective and proactive in their work and would recommend QTP to any business looking for support through the accreditation process and beyond.

Richard Dobson
