

Inspire My Kitchen *Design Service*

When choosing your dream kitchen it can be easy to forget a few basic rules. A lot of time can be spent reviewing colours and finishes and the basic layout choices, that are so important to the functionality of your kitchen, can be neglected.

The kitchen is the heart of your home, and careful choices made at the design stage can make your investment pay dividends over the years to come. We can help you make some of those decisions, colour options and finishes, whilst you get on with the all-important task of basic planning.

Cheshire Granite Worktops provide a complimentary design service, Inspire My Kitchen, in partnership with Debra Carroll Interiors of Wilmslow. We guide you through the colour and style options, helping you achieve your vision to create the perfect kitchen.

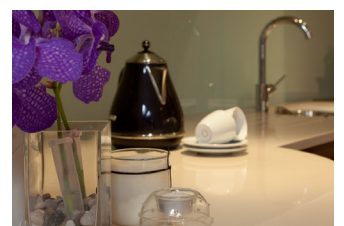

1 Firstly we take the time to understand what look you want to achieve in your kitchen.

2 We offer suggestions for colour schemes and materials, including worktop, splash backs, lighting, window dressing and even artwork.

3 We discuss options for you to re-utilise existing accessories and furnishings from your kitchen or home, to help create the new style in the most economical and environmentally friendly way possible.

4 And finally, we create your personalised Inspire My Kitchen Mood Board to bring together all the ideas discussed in one view.

Make an appointment

If you would like professional advice from a qualified interior designer, Debra Carroll can help you make the right choices to create your perfect kitchen. The service normally costs £175 but is offered free of charge to customers of Cheshire Granite Worktops with every purchase of their granite or quartz worktops.

The service includes one consultation visit, then one follow-up visit to present your personalised mood board.

Call Donna now to make an appointment on 01565 300065.
