

Training Courses Catalogue

info@computertutoring.co.uk

About Our Training Catalogue

Our course catalogue provides a detailed overview of the training we offer, categorised by vendor, pricing tier, and skill level to help you easily identify the most suitable option for your team. The pricing tiers section outlines the costs associated with different training formats, ensuring full transparency before booking.

We offer both online and in-person training to suit your needs:

- Online training is delivered via Microsoft Teams or Zoom and is fully interactive and engaging. Participants can ask questions, take part in discussions, and receive hands-on guidance from our expert trainers.
- In-person training is available for those who prefer face-to-face learning.
- Off-site training can be arranged at a venue we rent or hire, providing a dedicated learning space tailored to your team's requirements.

What's Included in Your Training

All training sessions come with the following benefits:

- Certificate of completion
- Online training notes
- Access to online help videos
- Three months of post-training support

Day Rate & Group Flexibility

Our pricing structure accommodates up to 10 delegates per session. However, we offer flexible pricing options if you need to include additional participants beyond this limit. Please refer to the tier pricing section for more details on custom group rates and extended training options.

About Us

At **Computer Tutoring Ltd**, we are passionate about helping businesses like yours **get the most out of your IT investments**. Our expert trainers love nothing more than seeing learners unlock the full potential of their software—**transforming projects from average to exceptional**. Whether you choose **in-person or live online training**, we tailor our courses to meet the unique needs of private and public sector organisations.

With **years of experience delivering thousands of courses** in Microsoft Office, Adobe Creative Suite, and various programming languages, we have become the trusted training provider for many returning clients. Our core belief is simple: **learning should be enjoyable**, and our tagline—**Enjoy Learning**—reflects this. The hundreds of testimonials from satisfied customers prove that our courses are not only effective but also engaging and fun!

We don't just teach technical skills—we equip learners with **practical knowledge they can immediately apply**, enhancing their daily work and boosting overall efficiency. Whatever your training needs, we're here to ensure you and your team gain the confidence and skills to succeed.

Testimonials

“Excellent Trainer and Training – The Power BI course was run very well, the trainer was excellent and made learning these new skills an enjoyable process.”

by Daniel Fasham

Rated 4.6 / 5 | 22 reviews

“Great course delivered face to face! Simon is a brilliant delivery provider, and felt like a lot was learnt over the day course. Definitely think the light hearted approach really helps with retaining the information.”

by Tara Jane Bennett

Rated 4.7 / 5 | 37 reviews

“Highly Recommend! – I have used Computer Tutoring for a few years now and I have honestly enjoyed my experience with them. Simon is a great tutor who is happy to adjust the training so it is relevant to my day job and I have always ...
